## PROJECTS

---

<b>Portfolio</b> <a href="#">Live Demo</a> — <a href="#">GitHub</a>	<i>React.js, Tailwind CSS, EmailJs</i>
--	--

A personal portfolio website showcasing my projects, skills, and contact information with a responsive, modern design.

<b>Cash Trail (Expense Tracker)</b> <a href="#">Live Demo</a> — <a href="#">GitHub</a>	<i>React.js, Tailwind CSS, Chart.js</i>
---	---

A personal finance tracking app to monitor income and expenses.

- Developed a responsive interface to add, categorize, and visualize transactions.
- Implemented dynamic bar and pie charts for financial insights using Chart.js.
- Applied React Context for global state management across components.

<b>Nexa Estate (Real Estate App)</b> <a href="#">Live Demo</a> — <a href="#">GitHub</a>	<i>React.js, Tailwind CSS, Redux, React Router</i>
--	--

A full-stack real estate application that lets users browse, post, filter, and view detailed property listings with images and search features.

- Built reusable components for listings, filters, and property detail views.
- Used Redux to manage search filters, page state, and property data
- Designed a responsive layout with Tailwind CSS for mobile-first usability.
